WORK EXPERIENCE

Web Developer — Emberex, Eugene, OR Mar 2017 - current

- Author frontend and backend code using Java, JavaScript, React, Redux, MySQL and MongoDB for online assessment and learning products.
- Demo and review code with team members; contribute to daily standup meetings and weekly sprint planning and retrospective meetings.

Teaching Assistant — Code Fellows, Portland, OR Sep 2016 - Jan 2017

- Used troubleshooting skills and a patient demeanor to tutor students as they learn a high volume of advanced JavaScript and MEAN stack skills at a rapid pace.
- Identified coding mistakes quickly and provided friendly, constructive feedback.

Equipment and Digital Facility Manager — NW Film Center, Portland, OR Oct 2013 - May 2016

- Worked closely with the Education Director, Education Programs Manager, faculty and staff to develop and administer NWFC's School of Film.
- Oversaw all administrative management and record-keeping systems and servers affiliated with equipment inventory and circulation, facility use, media management, classroom scheduling and set-up, equipment maintenance and capital purchasing.
- Created an iPad app using a LAMP backend to efficiently manage the inventory and scheduling of film & video gear for student access.
- Managed and oversaw all facilities, including three studio classrooms, two computer labs, audio recording suite, equipment circulation room and all film gear, A/V gear and education technology.
- Recruited, trained and supervised education program staff and interns.
- Researched and developed long and short term plans for facility and equipment needs. Worked with staff to develop grants and other proposals.
- Implemented an end-of-life-cycle replacement plan for department computers.
- Performed basic repairs of A/V equipment (e.g., soldering new connections on audio cables, identifying and replacing damaged electronic components, re-celling rechargeable batteries, etc.)
- Cultivated student, faculty and customer relationships and managed their access to AV resources.

Studio Director — Northwest Film Forum, Seattle, WA June 2002 - Oct 2013

- Installed and maintained office IT systems: computers, servers and network services.
- Created box office software and databases for the organization to track donations, transactions and class enrollments.
- Managed the film and video production gear and facilities—video edit suite, animation suite, 50 seat theater and production library; selected and purchased film & video equipment and software.
- Managed education and artist support programs. Selected and hired instructors; wrote program summaries and gathered materials for final reporting and program evaluations; offered friendly, patient and knowledgeable program support.
- Taught workshops on camera operation, editing and production workflow.
- Built relationships with community organizations and industry representatives to co-present workshops and panel discussions.

EDUCATION

Code Fellows, Portland, Certificate for Advanced Software Development in Full-Stack JavaScript
University of Illinois at Urbana-Champaign, B.F.A. in Graphic Design
